

beta green

manual pot + pan cleaner

value series efficient, cost-effective chemical cleaning compounds

Beta Green is an environmentally preferable, phosphate-free lemon-scented economy liquid hand dish detergent formulated with a blend of foaming, biodegradable surfactants, a foam stabilizing agent and a water conditioning agent.

features

- A very economical product that can be used in varying dilutions.
- Performance maintained in light to medium hardness water - rinses freely with no hard water film left behind.
- Contains no harsh inorganic salts or alkali rendering the product mild to the hands with a neutral pH.
- Can be used on all surfaces not harmed by water.
- All ingredients present in formulation are biodegradable; contains no phosphates.

ideal for

Cafeterias, eating and drinking establishments, nursing homes, hotels, motels, hospitals, schools

optimal applications

Pots, pans, glassware, kitchenware, stainless steelware and utensils.
