

element neutralizer

chlorine neutralizer

linden series combines high-performance with formulations that preserve the soft feel and fresh scent to all fabrics. High tech solutions to common spot and stain problems allow you to get the most use possible from your linens and fabrics.

Element Neutralizer is a mild laundry additive (anti-chlor) that effectively removes any residual chlorine carry-over in commercial laundry systems.

features

- Reduces fabric damage by chemically neutralizing residual chlorine in the washing process.
- As a reducing agent it aids in removal of iodine and betadine based medicinal stains.
- Environmentally friendly, phosphate free and mild pH.

directions for general use

Add 2-4 oz. Element per 100 lb. load to a typical post bleach rinse. Higher chlorine levels may require increased levels of Element. When used as a reducing agent to remove medicinal stains add 4-6 oz. per 100 lb. load to initial flush step.

optimal applications

Commercial laundries, institutional laundries, health care facilities, nursing homes, hotels and motels.

product specifications

Physical Description	Clear, colorless liquid
Viscosity	Water thin
Color	Colorless
Flashpoint	None
Fragrance	Pungent
Weight per Gallon	10.2 lb. /gal.
pH (1%)	8.0 – 9.0
Storage Stability	1 year minimum
D.O.T. Shipping label	Class 8: Corrosive liquid
