

four

presoak

resolve series represents a complete kitchen solution. Simple, numerically named, effective dish detergents, degreasers and sanitizers for both manual and automatic cleanup keep your food preparation areas sparkling with minimal effort.

Four is a highly concentrated, heavy duty detergent that can be used as a presoak and detarnish for flatware and silverware or as a soaking detergent for pots and pans and all kinds of cooking equipment.

features

- Formulation contains high concentration of degreasing emulsifiers and potent solvents to penetrate, soften and remove accumulated grease and the toughest baked-on food soils for pots and pans, broiler parts and oven racks and other cooking utensils.
- As an extremely effective pre-soak, it prepares flatware and silverware for the economy of one pass washing rapidly and easily
- Loosens and completely removes dried-on food soils from utensils leaving stainless steel and silver flatware sparkling clean.
- The non-caustic and instant solubility of the product allows it to be used with all flatware and silverware totally eliminating possibility of chemical burns on silver and stainless steel utensils.

optimal applications

All flatware, uncoated and coated pots, pans, skillets, bakery pans and trays, broiling parts, oven racks and other food preparation utensils.

ideal for

Kitchens of restaurants, cafeterias, schools, hospitals, nursing homes, bakeries, hotels and motels and food processing facilities.
