

status detergent

concentrated | built detergent

linden series combines high-performance with formulations that preserve the soft feel and fresh scent to all fabrics. High tech solutions to common spot and stain problems allow you to get the most use possible from your linens and fabrics.

Status Detergent is a robust all purpose powdered laundry detergent that is superior for cleaning modern synthetic fabrics in industrial and institutional use.

features

- A powerful blend of nonionic and lipophilic surfactants, buffered alkalis, water softeners, soil suspending agents and optical brighteners.
- High concentration and blend of emulsifiers affects its superior performance on modern synthetic fabrics especially spun poly types.
- Mild alkalinity makes it the detergent of choice for soiled industrial uniforms of all colors.
- Performance and rinsability unaffected by water hardness.
- Water conditioning agents help prevent redeposition of soils onto fabrics.

directions for general use

For light to medium soils use 8 to 16 oz. Status per 100 lb. load. For heavy soils use 16 to 32 oz. Status per 100 lb. load. To optimize use levels for your specific needs contact your Santec technical representative.

optimal applications

Industrial and institutional laundries, health care facilities, hotels, motels and nursing homes.
