

surge™

alkalinity booster

linden series combines high-performance with formulations that preserve the soft feel and fresh scent to all fabrics. High tech solutions to common spot and stain problems allow you to get the most use possible from your linens and fabrics.

surge is a multi-functional heavy duty laundry break which enhances the cleaning power of detergents, especially on heavy soiled textiles while directly saponifying the grease, oil and fats in very oily stains.

FEATURES

- High level of alkalinity accelerates the cleaning process especially of heavily soiled textiles by opening up the fabric fibers and begins releasing trapped soil particles.
- Highly concentrated formula causes saponification of oils, fats and greases in oily stains thereby solubilizing them into the wash liquor.
- Water conditioners present allow product to be effective even in hard water areas.
- Surge accomplishes so much while being environmentally friendly. It contains no eutrophication causing phosphates.
- Iron chelating agents protect wash against iron and rust causing fabric staining or yellowing.

OPTIMAL APPLICATIONS

Commercial laundries, hotels, motels, health care facilities, nursing homes, restaurants, food plants and meat plants.

PRODUCT SPECIFICATIONS

Physical Description	Clear liquid
Viscosity	Water thin
Color	Tan
Fragrance	Bland
Flashpoint	None
Weight per Gallon	10.6 lb./gal.
pH (1%)	13.0
Storage Stability	1 year minimum
D.O.T. Shipping label	Corrosive Liquid
