twenty six™

high foaming alkaline cleaner for soft metals

resolve series | high-performance food service solutions

Twenty Six is a concentrated high foaming, non-butyl, non-phosphate, non-free alkali, heavy duty, alkaline cleaner formulated to quickly remove dirt, grease and grime from a variety of surfaces. It was formulated to be safe on aluminum and other galvanized metals.

directions for use

DIRECTIONS: FOR MANUAL CLEANING: Apply by mop, brush, sprayer, or sponge. Apply to surface to be cleaned and allow to stand for several minutes. For heavier soil, agitate briskly with a brush or sponge. For normal soil, allow the product to do the work. Wipe clean with a moist rag, sponge or pick up with wet vac or mop. Where applicable, rinse thoroughly with water. Avoid contact with windows or other glass surfaces. **FOR PRESSURE AND FOAM CLEANING:** Dilute 1 to 3 ounces per gallon of water, depending on degree of soil. Apply solution to soiled surfaces; scrub, if necessary, and rinse with potable water. **FOR FLOORS:** Dilute 1 to 3 ounces per gallon and scrub with an automatic floor scrubber or manually with a broom. Rinse floor thoroughly.

WARNING HAZARD STATEMENTS

May cause eye or skin irritation.

PRECAUTIONARY STATEMENTS

Wear protective gloves and eye protection.

Wash thoroughly after handling.

FIRST AID

Eye Contact: Check for and remove any contact lenses. Flush with large quantities of water, holding eyelids open for 15 minutes. Seek medical attention if symptoms persist. **Skin Contact:** Wash skin with copious amount of water. Seek medical attention if symptoms persist. **Inhalation:** Remove to fresh air. Seek medical attention if symptoms persist. **Ingestion:** Do not induce vomiting. Drink copious amounts of water. Seek medical attention immediately.

STORAGE

Store in original container protected from sunlight in a well ventilated area, away from incompatible materials, food and drink. Keep out of reach of children.

SPILL /LEAK

Put on appropriate personal protective equipment. Move container from spill area. Dilute with water and mop up if water soluble or absorb with an inert dry material and place in an appropriate waste disposal container.

DISPOSAL

Dispose of material in accordance with local, state and federal regulations.
